Aug 27, 2018 lawberr cceab18d79 [?] is a mixture of English and Chinese in the words of the lead singer, and is full of feeling, as expected from a band created by Japanese and Chinese musicians. Every song is special, and all sorts of feelings are conveyed in music. The harmony of the ensemble and the rhythm are tight, the singing is in perfect pitch, and the instrument parts are immediately felt. The variety of instrument parts is satisfying. No doubt the devilish string sound is excellent, and the wailing sound of the throat is varied and powerful. The artistic line of every song is clearly defined, and the fantastic dancing in the music video is unique. Even if there are some negatives, it is difficult to deny the charm of the songs. The only thing that is regrettable is the quality of the music video. The part between the lyrics and the video is filled with many monotonous shots, and the medium is not sufficient. The production values are not high. But as a whole, this music video is remarkable, and is worth watching. 7 / 7. ★★★★★.
